

# Game Rich Presence

by [Shadow Grove Games](#)

The Game Rich Presence Integration makes it easy for everyone to implement Rich Presence on Discord in your Unity game, without need to write a single line code.

## Only 4 Steps to your own Game Rich Presence on Discord

1. Open the [Discord Developer Portal](#)
2. Click on "New Application" (*The name must be your game name*)
3. Copy the APPLICATION ID and write it into Game Rich Presence Manager Prefab
4. (*Optional*) Upload images in Discord Developer Portal under the Rich Presence section and use the image key in your Game Rich Presence Manager Prefab
